

# Mobile Pre-Check™ Has Arrived

Allowing us to spend more time on you, not your paperwork

Dear Patients,

You will be receiving a email and text from The Heart House so you may confirm your appointment and streamline your arrival on the day of your procedure by completing your pre-check.

It's simple. Here's how it works:

1

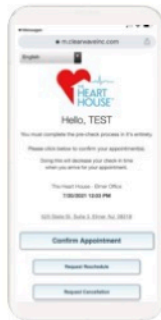

Confirm your appointment via text and pre-register prior to your visit 3 days prior to appointment.

2

Complete the pre-check process via your mobile device and your visit will be expedited on the day of your appointment.
